Product:

GRAFFITI REMOVER SAC

Product Number :

3071, 3171

Main Body:

Graffiti Remover SAC™

A Soy And Corn Biobased Product

Designed to Remove Tough Marks and Stains

PRODUCT DESCRIPTION:

Graffiti Remover SAC is a ready-to-use BioRenewables product based on a biobased solvent, which is naturally derived from agricultural ingredients. A combination of soybean and corn esters, this efficient solvent blend helps to replace hazardous, toxic and environmentally harmful products in the workplace. A safer solvent alternative to petroleum based solvents. Graffiti Remover SAC is translucent yellow in color and has a non-offensive odor.

Why Biobased?

There have been several Government initiatives over the past five years in an attempt to reduce our nation's dependency on foreign energy and increase support for our agricultural industry. The Farm Security and Rural Investment Act (FSRIA) addresses biobased products and defines them as commercial or industrial products that are composed, in whole or significant part, of biological products or renewable domestic agricultural materials or forestry materials. Therefore, industrial raw materials, such as surfactants and solvents are now being produced from renewable plant or animal resources, which are typically biodegradable, friendlier to the environment and supportive of the agricultural industry. The federal government has mandated, through the FSRIA, that federal agencies purchase biobased products whenever possible.

Biobased Formula Seal

Graffiti Remover SAC is certified by a third party to contain 53% biobased material. The testing was performed by an outside, USDA approved, laboratory to insure the biobased content of Graffiti Remover SAC. The biobased seal, found on product labels and literature, allows end users to easily identify the biobased content in each BioRenewables product. This seal guarantees the percentage of ingredients that are made from renewable resources.

SURFACE SAFE ON:

- Glazed Tile
- Stainless Steel

- Desk Tops
- Fiberglass
- Metal
- Marble
- Chrome
- Aluminum
- Brass
- Glass
- Formica®
- Lexan®
- Porcelain

VERSATILE AND EFFECTIVE:

Graffiti Remover SAC is a versatile formula that works against tough marks and stains. The formula is powerful enough to remove typical graffiti markings: paint, marker, ink, crayon and pencil. It will also take away scuff marks, wax residue and adhesive with ease. Graffiti Remover SAC also cleans the soiled surface marred by graffiti, eliminating the need for a second cleaning step. When removing marks from stainless steel, Graffiti Remover SAC does an outstanding job cleaning and polishing the surface.

A PLEASANT AND EASY TO USE PRODUCT

This BioRenewables product requires no diluting; simply spray onto surface from the RTU bottle. This method of application helps to eliminate employee confusion, incorrect dilutions and chemical spills. Graffiti Remover SAC is pleasant to work with and produces minimal fumes compared to other graffiti removal products. Meets VOC specifications for graffiti removers.

DIRECTIONS FOR USE:

Some individuals may be sensitive to ingredients in this product. Before using, read product label and MSD sheet. If questions remain, consult your employer or a physician.

NOT INTENDED FOR USE ON PAINTED SURFACES. MAY REMOVE PAINT FROM WALL OR OTHER SURFACE.

1. Spray Graffiti Remover SAC evenly onto surface to be cleaned.
2. Let product penetrate soil for 2-5 minutes. Agitate with a sponge, brush or cloth. Difficult marks may require extra contact time or repeat applications.
3. If necessary, rinse thoroughly.

SPECIFICATION DATA:

Specific Gravity – 0.834@ 24 °C/75 °F

Density – 6.94 lbs./gal.

pH – n/a

Flash Point (Tag Closed Cup) – 64 °C/147 °F

Viscosity – water thin

Color – translucent yellow

Stability –

- a. Shelf @ 24 °C/75 °F – one year minimum
- b. Accelerated @ 49 °C/120 °F – 60 days minimum
- c. Freeze/Thaw – will withstand a minimum of one cycle

Phosphate Free
Biodegradable
VOC Compliant

PACKAGING:

Graffiti Remover SAC is packaged in PET Resin RTU Quart Bottles, 12 per case. Each package includes 3 Solvent Resistant Trigger Sprayers. Also available in Gallons, 4 per case. Standard label copy is available in English, Spanish and French. Secondary labels are also available.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting www.spartanchemical.com.

GUARANTEE:

Spartan's modern manufacturing and laboratory control insure uniform quality. If dissatisfied with performance of product, any unused portion may be returned for credit within one year of date of manufacture. Use product as directed and read all precautionary statements.

Some material may require special handling or application. Please refer to the appropriate Material Safety Data Sheet, literature and label.
